Project Overview

PROJECT NAME	Movie Rating & Review Website
DURATION	1 Month
CATEGORY	Full Stack Web Development

Project Description

The movie review & rating website helps to showcase your ability to build fully functional platforms with extended user experience and engagement using MERN Stack. Upon completion, you will be able to contribute to build and handle complex applications with extensive features.

Objectives

- The movie review and rating website connects with fellow movie buffs and provides a platform to express opinions.

- The users will be able to create accounts, submit reviews and rate movies.
- The admin will be able to create individual pages for each movie with essential information. Additionally they will be able to check out the overview of the dashboard including recent users, total users, reviews and ratings.

Features

- The application will be accessible in Dark and Light Theme mode.
- Only authenticated users can access the platform.
- Enhanced Movie Listings.
- Implementing Search Functionality.
- Incorporating Rating and Review System.
- Categorization of Genres.

Future Scope

- Adding Premium Content.
- Displaying Trending & Popular Content From Database (Eg: TMDB).
- Integrating Multimedia Content.

Functional Requirement

TECH STACK	MERN Based JavaScript Stack
PROGRAMMING LANGUAGE	JavaScript
BUILD USER INTERFACE	HTML, CSS, Framework, React
BACKEND	MongoDB, Express, NodeJS

Timeline

MILESTONE	DESCRIPTION
I	Understanding Project Requirement & Design Your Database and Layout (Wireframe)
II	Develop Server Side Logic, API Creation, Databases, Testing API
III	Build User Interface Based on Your Wireframe and Integrate Backend using API Calls
IV	Working With Features
V	Testing and Deployment
VI	Final Review (Presentation)

Mentor Message

Hello Learners!

Congratulations on reaching this phase in your Full Stack Development Journey.

By now, you've learned the core essentials required to embark your career as a MERN Stack Developer. Now it's time to move on to the next phase which highly helps you to understand and collaborate with your team members to explore practical experience.

During this capstone project, I request you to clearly understand the project requirements and focus on the timeline with great determination. This will help you to bridge the gap between your learning and hands-on experience.

I wish you to reach out into greater heights.

Happy Coding!

Sindhu Manivannan,
Full Stack Mentor.
